

PDC 30 BALLOT GUIDE: PREFERRED CANDIDATES

Election Day: November 3, 2026

Bring this ballot guide to the polls to cast votes for labor-friendly candidates.

Note: PDC 30's list of preferred candidates is based on a thoughtful and consistent review process. We meet directly with candidates to learn about their priorities, review how they've voted on issues affecting working people, and evaluate their responses to surveys on jobs, wages, and worker protections. Taken together, this helps us identify candidates who most closely align with our values as a union and who we believe are best positioned to deliver strong outcomes for our members. In some races, you may notice that we have not identified a preferred candidate. This is because: a) more than one candidate in the race aligns with our values, or b) the candidates in that race did not meet our standards for support. In those cases, we encourage you to learn more about the candidates and make the choice that's right for you.
